Victoria College

[The Victoria College](#) is an open admissions two-year community college offering freshman and sophomore

academic transfer courses, and a variety of one and two-year technical training programs. The College awards two-year Associate of Applied Science Degrees in Process Technology, Electronics/Instrumentation Technology, Nursing, Physical Therapist Assistant, and several other fields.

The Victoria College has responded to the needs of business and industry by offering a number of contract courses taught on the main campus and on-site. Victoria College's \$22 million Emerging Technology Complex and Industrial Training Center is a clear signal to industry representatives of Victoria's ability to prepare their workforce. The 100,000+ square foot facility allows Victoria to meet the current and future training needs of new and existing business and industry.

The College also offers Continuing Education opportunities in a variety of subjects, and programs of community interest, including the popular Lyceum Lecture Series, drama productions, and concerts throughout the year.

The Victoria College enrollment total for Spring 2019 is 3,411.
