COVID-19 Business Recovery Survey Results

Victoria Economic Development Corporation is pleased to share the results of the fourth round of business surveys conducted to measure the impact of the pandemic on local and regional business operations. The survey was open for two weeks beginning August 24th and was distributed through email by VEDC and our partners at the Victoria Chamber of Commerce and the Small Business Development Center at UH-V.

Dr. Jim Lee, Regent Professor of Economics at Texas A&M University - Corpus Christi compiled the data received from several regions of Texas and has provided the results.
