Chris Brittain named INVISTA Victoria site manager

VICTORIA, TX. (Jun. 10, 2021) – Chris Brittain has joined INVISTA Victoria as site manager. He joins the Victoria team from INVISTA’s site in Orange, Texas, where he served as site manager for the last two years.

“Chris’ strong background in operations and management will be very valuable to his role as leader of the Victoria site,” said Bill King, vice president of Operations, North America.

Brittain earned a Bachelor of Science degree in Electrical Engineering and has over 15 years of operations experience in the chemical industries. Prior to his recent role as site manager of INVISTA’s Orange, Texas site, Brittain has held various leadership roles in his more than 10 years with INVISTA.

“This is an exciting time to lead the INVISTA Victoria site,” said Brittain. “The team has recently completed a project to upgrade the site’s manufacturing technology and increase production adiponitrile (ADN), a key ingredient for nylon 6,6 fibers and plastics. I’m looking forward to continuing our commitment to operations excellence and advancing our focus on innovation.”

Vince Salvador, previous Victoria site manager, has accepted a new role with INVISTA as director of Operations Cultural Transformation and is relocating to Orange for that position.

About INVISTA

From the fibers in your carpet to the plastic in your automobiles, INVISTA’s commitment to continuous improvement has led its employees to develop some of the most durable, versatile polymers and fibers in the world. A subsidiary of Koch Industries since 2004, INVISTA brings to market the proprietary ingredients for nylon 6,6 and recognized brands including CORDURA® and ANTRON®. INVISTA also offers specialty chemical intermediates and process technologies. See the bigger picture at [INVISTA.com](https://www.invista.com).
